

A template for this sheet is available on the CFL website at <http://www.cflhd.gov/design/TemplateFiles/>. This sheet shows the spreadsheet data linked into a MicroStation file. It is preferable to have all the plan sheets be in MicroStation format. However, it is acceptable to continue to print directly from the Excel spreadsheets for summary sheets.

The information shown on this sheet correlates with the plan&profile and culvert cross section sheets.

CFL SAMPLE PLAN SHEET
